After-School Programs Scholarship Information and Application

Scholarship Procedures

The Center for Architecture offers a limited number of **need-based** partial scholarships for our After-School, Vacation, and Summer Programs. Families are typically asked to contribute $75 - $125 depending on the cost of the program. Students are limited to two program scholarships per season and priority is given to new applicants.

Applying for a scholarship is a **two-part process** and you must complete both parts for your application to be considered.

Part 1:   Register for the program online as a scholarship applicant.

- This part of the process will reserve your spot in the course without any payment at the time of registration.
- To complete the registration, find the program you are interested in and click "register". Select "Scholarship Applicant" as the event pass type and click "register." Proceed to enter all of your registration details. Once you have filled out this form, click "complete registration".
    - o   Please Note: If at any point you are prompted to enter payment information, please exit the screen and ensure you have selected "scholarship applicant" instead of "registrant."
- Once you complete the registration, you should see a confirmation screen and receive a confirmation email to the address provided during registration.
- This registration has successfully reserved your child's spot in the course until the scholarship application deadline.
- Repeat this process for any additional children applying for a scholarship.

Part 2: Submit your Scholarship Application and proof of financial need.

- Complete the Financial Need Form which you can find at the bottom of this document, on the program registration page, or in your registration confirmation email.
- Along with the information on the application, you will also need to submit some proof of financial need. For proof of financial need, you can submit your tax return, Medicaid or Child Health Plus Insurance, school financial aid package, etc.
- Email your completed Financial Need Form and proof of financial need to k12education@centerforarchitecture.org prior to the scholarship application deadline listed on the form.
- You will receive an email once all materials have been received to confirm that your scholarship application is complete.

Please Note:
- Your online registration will hold your spot in the course, but your application will not be complete until you have sent your scholarship application and proof of financial need. All applications must be received by the scholarship deadline.
- Scholarship Applications are weighed on their own merit. You are not being evaluated against other students for a spot in the course.
- If you are selected to receive a scholarship, you will be notified by phone or email within two weeks of the due date. At that time balance payment, if any will be due.

Frequently Asked Questions: Scholarships

Q: How much of the program tuition does a scholarship cover?

A: If you are requesting a full scholarship, we still typically ask that the applicant pay at least $75 - $125 depending on the cost of the program.

Q: I don't have any proof of financial need but we will not be able to afford the full price of the program. Can I still apply for a scholarship?

A: Yes. When you submit your scholarship application please explain your situation and your requested scholarship amount. Be aware that if you are requesting a full scholarship you will be required to submit proof of financial need.

Q: When will I know how much I am awarded for my scholarship?

A: Within two-weeks of the scholarship deadline, you will be sent an email stating your award amount with instructions on how to pay the remaining balance.

Q: If a program is sold out, can I still apply as a scholarship applicant?

A: Unfortunately, no. Our registration period is the same for all students and once a course is full, we cannot accept any further applicants. If you are interested in being added to the waitlist for a course as a scholarship applicant, please email k12education@centerforarchitecture.org. In the email state your name, email, phone number, which program you would like to join the waitlist for, and the fact that you would like to apply as a scholarship applicant. Please also submit your scholarship application and proof of financial need. If a spot becomes available in the course, and there are still scholarship funds available, we will then be able to offer you the spot in the course and give you your scholarship award information at the same time.
